IMPROVEMENTS COMMITTEE

(Directors Randy Jenco and Martin Pohll)

Regular Meeting July 2, 2024 at 8:00 a.m.

All persons present at District meetings will place their cellular devices in silent and/or vibrate mode (no ringing of any kind). During meetings, these devices will be used only for emergency purposes and, if used, the party called/calling will exit the meeting room for conversation. Other electronic and internet enabled devices are to be used in the "silent" mode. Under no circumstances will recording devices or problems associated with them be permitted to interrupt or delay District meetings.

AGFNDA

- 1. Call to Order
- 2. Improvements Staff Report
 - A. Discussion Item Emergency Repair of Broken Pipe for Lift Station 6A
 - B. *Discussion Item* Locate and repair broken raw water conveyance pipe from Granlees to Calero Reservoir
 - C. Discussion Item Letter from Bob Keil Regarding Development
 - D. Discussion Item CIP 24-250-03 Wastewater Condition Assessment
- 3. Comments from the Public

If you wish to speak during Comments from the Public or would like to comment regarding an item appearing on the meeting agenda, please complete a public comment card and submit to the Board Secretary prior to Public Comments. We will hold all comments to the Public Comment section.

- 4. Director and Staff Comments/Suggestions
- 5. Adjournment

"In accordance with California Government Code Section 54957.5, any writing or document that is a public record, relates to an open session agenda item and is distributed less than 24 hours prior to a special meeting, will be made available for public inspection in the District offices during normal business hours. If, however, the document is not distributed until the regular meeting to which it relates, then the document or writing will be made available to the public at the location of the meeting."

In compliance with the Americans with Disabilities Act if you are an individual with a disability and you need a disability-related modification or accommodation to participate in this meeting or need assistance to participate in this teleconference meeting, please contact the District Office at 916-354-3700 or awilder@rmcsd.com. Requests must be made as soon as possible.

Note: This agenda is posted pursuant to the provisions of the Government Code commencing at Section 54950. The date of this posting is June 28, 2024. Posting locations are: 1) District Office; 2) Post Office; 3) Rancho Murieta Association; 4) Murieta Village Association.

MEMORANDUM

Date: July 2, 2024

To: Improvements Committee

From: Travis Bohannon – Interim Director of Operations

Subject: Monthly Improvements Committee Updates

A. Emergency Repair of Broken Pipe for 6A Lift Station

On June 12, 2024, a sewer leak was noticed at 6A liftstation. After investigation, it was found that the sewer was spilling from a manhole outside of 6A liftstation. After stopping the sewer leak it was found that the pipe from the manhole to the liftstation wetwell was broken. TNT, Industrial Contractors, Inc, was called out on an emergency basis, they located and fixed the broken pipe. The total cost for this repair was \$18,647.38.

B. Locate and Repair Broken Raw Water Conveyance Pipe from Granlees to Calero Reservoir. On June 20, 2024, it was reported to the district that there was a potential leak in the Clementia spillway. After an investigation, it was believed that the raw water line that takes raw water from the Cosumnes River to Calero reservoir is broken. Since we are not pumping anymore, I closed the valve at Calero reservoir to stop the leak. This issue needs to be located and repaired before we will be able to pump water next November.

C. Letter from Bob Keil Regarding Development.

On, June 20, 2024, Bob Keil sent an email to the district regarding getting his plans approved for phase 1 of his development. The District was hesitant to sign off on plans until the issue of water storage could be discussed. Both the General Manager and Interim General Manager were on vacation. On June 21, 2024, Board President, Tim Maybee, called me and instructed me to have Joe Dominchelli sign his plans so he can move forward with the grading with the understanding that this will be discussed at the Improvements Committee. On Monday, June 24, 2024, Joe signed the plans so the the construction company could continue.

D. Carry Over of Wastewater Condition Assessment CIP 24-250-03 from FY23-24

The wastewater condition assessment was not done in the fiscal year 2023-24. Due to vendor schedule, the district was not able to get vendor on site in time. There is a small window of opportunity to do this work. We have vendor scheduled for the week of July 22nd to do the assessment. This CIP will be carried over to FY24-25.

Subject: CSD letter

Dear Mimi and Board,

We were issued a grading permit that limited our access to the wetland portions of the property. We have now received our environmental permits but we are not able to complete the grading until CSD signs the improvement plans. We will be out of work on site at the end of this week. I have spoken to Joe and have explained that CSD has issued us water availability letters and that regardless of what has to happen for water delivery, we still need to finish our project. He suggested that I write this letter asking CSD to direct him to sign the improvement plans so we can continue work on the project.

We have completed all plan checks and the only outstanding issue is the CSD distribution system to get water to the subdivision. The solution for this issue is not something that will be worked out in a few days or even a week. Without this permit we are out of work. If we can continue working on the project steering clear of work on the water system, we can avoid the daily expense for standby on equipment as well as the threat of missing our paving window requiring extremely expensive SWPPP through the winter. By signing the plans today and simultaneously working on a water distribution solution we can avoid costly delays and still achieve a well thought out solution.

I can speak for all the residents surrounding the project area, they will not be happy if this project is delayed and the heavy equipment has to remain on site longer than expected. It is imperative that CSD authorize Domenichelli to sign the Residences improvement plans today.

Sincerely,

Bob Keil The Residence of Murieta Hills 916.521.8856

Subject: Residences East and West – Unit 1 Improvement Plans and Water

Study

Dear Michael -

Domenichelli & Associates (D&A) has completed our review of the subject project for conformance with the Rancho Murieta Community Services District (District) Standards.

Documents Submitted for Review (Received 06-13-2024)

1) RMCSD - Residences East and West – Unit 1 Improvement Plans and Water Study.

Previous comments provided by D&A on behalf of RMCSD have been addressed. Improvement plans meet District standards of underground infrastructure for water, sewer, and drainage. The following Advisory Comments pertain to future Residences development phases and the Water Study.

The subject project will be required to meet the related Conditions of Approval of permitting agencies. D&A reserves the right to make additional comments on subsequent submittals.

Water Study Comments

- 1. Per recent discussions, no lawns will be allowed in the Residences East and West. Please provide written agreement or ordinance confirming this future condition will be met.
- 2. The option to serve the Residences East and West from the lower pressure gravity zone (served by Van Vleck storage tank) shall not be permitted. Residences East and West will need to be served from the upper pressure zone (served by Rio Oso storage tank). The pressure reducing station as shown on the improvement plans shall be submitted to RMCSD for approval prior to contractor installation.
- 3. Based on review of recent data, the Rio Oso tank operational and emergency storage capacities are questionable and require additional analysis to determine what storage capacity improvements will be required for future development phases at the Residences.
